Conakry, le 14/12/2005

With the present letter we conform that

Mr. Georg Oberle
born on 29.08.50
in Düsseldorf, Germany

joined the GTZ-IS in Guinea in June 2004 initially as a Workshop Manager at the GTZ/UNHCR Kissidougou project site, where he was responsible for the supervision of local staff and repairs & maintenance operations for trucks, light vehicles, motorcycles and generators. He was subsequently promoted in September 2004 to the position of Chief of Base (Chef de Base) at the GTZ/UNHCR main base in Conakry, where he assumed the entire management of all our project operations and activities, including international and local purchasing, staff management, logistics and distribution of aid materials. His wide experience with IDPs and returnees was an asset to our project.

Due to the poor health of his parents, Mr. Oberle returned in November 2005 on his own desire to Germany. Unfortunately he did not like to extend his contract with us. We can, however, recommend him as a resourceful and able manager, who is capable of administrative and mechanical duties. He is an honest and willing staff member, and has shown a lot of commitment for his job.

We wish him good luck with his career and his future.

Hanns Polak
Programme Manager
GTZ International Services
Guinea

A circular official stamp in blue ink. The outer ring contains the text 'International Services' at the top and 'MINISTRE DE L'ÉCONOMIE ET DU COMMERCE' at the bottom. The inner ring contains 'GTZ' at the top and 'BUREAU DE PROJETS GUINÉE' at the bottom. The center of the stamp features the GTZ logo.
